RE: Request Number EPA-HQ-2019-006125

Dear Ms. Best:

This letter concerns the above-referenced Freedom of Information Act (FOIA) request, received by the U.S. Environmental Protection Agency (EPA) Freedom of Information Office in which you are seeking:

- “* Internal reports, bulletins, warnings and alerts relating to Anonymous or hacktivism
- * Reports from the appropriate IT (Information Technology) or computer offices regarding possible cyber attacks by Anonymous or other hacktivists
- * Reports, bulletins, warnings and alerts relating to or mentioning Anonymous or hacktivism sent to or received from any federal law enforcement or intelligence agencies or any fusion center
- * Incident reports investigating possible hacking activity falling within the office's jurisdiction and allegedly carried out by members of Anonymous or other hacktivist groups
- * Materials generated as a result of any suspected or actual compromise, breach or "dox" (revealing of personal or private information) by Anonymous or other hacktivists

Anonymous has been described by government agencies as a non-hierarchical hacktivist collective, Anonymous uses hacking (and arguably cracking) techniques to register political protest in campaigns known as “#ops.” Best known for their distributed denial of services (DDoS) attacks, past activities have included attacks against the Church of Scientology; Visa, Paypal, and others who withdrew their services from WikiLeaks’ Julian Assange after that group began releasing war documents; #OpTunisia and others purporting to support the Arab Spring; and a campaign that brought down the website of the Westboro Baptist Church. #Ops are usually marked with the release of a video of a reader in a Guy Fawkes mask using a computer generated voice.”

Your FOIA submission does not reasonably describe the records you are seeking in a way that will permit EPA employees to identify and locate them. EPA's FOIA regulations state:

"Whenever possible, your request should include specific information about each record sought, such as the date, title or name, author, recipient, and subject matter. If known, you should include any file designations or descriptions for the records that you want. The more specific you are about the records or type of records that you want, the more likely EPA will be able to identify and locate records responsive to your request." 40 C.F.R. § 2.102(c).

On May 31, 2019, Wendy Schumacher of my staff contacted you to inform you of what additional information you need to provide or why your request is otherwise insufficient. EPA provided you with an opportunity to discuss and modify your request. We asked that you contact us by June 21, 2019, with your clarification, and we have not received additional information from you, so we are closing your request.

Since you did not submit a proper request there are no fees. If you would like to resubmit your Freedom of Information Act request, please refer to the instructions available on EPA's FOIA website at: <https://www.epa.gov/foia>.

This letter concludes our response to your request. You may appeal this response by email at hq.foia@epa.gov, or by mail to the EPA's National FOIA Office, U.S. EPA, 1200 Pennsylvania Avenue, N.W. (2310A), Washington, DC 20460 or through FOIAonline if you are an account holder. If you are submitting your appeal by hand delivery, courier service, or overnight delivery, you must address your correspondence to 1200 Pennsylvania Avenue, N.W., Room 5315, Washington, DC 20460. Your appeal must be in writing, and it must be received no later than 90 calendar days from the date of this letter. The Agency will not consider appeals *received* after the 90-calendar-day limit. Appeals received after 5:00 p.m. EST will be considered received the next business day. The appeal letter should include the FOIA tracking number listed above. For quickest possible handling, the subject line of your email, the appeal letter, and its envelope, if applicable, should be marked "Freedom of Information Act Appeal."
